

## **Section for International Affairs Student Union of the University of Oulu**

### **Action Plan for 2010**

The section meets approximately once a month during the terms. Current themes are discussed in the meetings and speakers are invited to present different themes. The section also organizes international theme days and takes part in Student Union's events if relevant.

#### **In 2010, the section plans to:**

Follow the implementation of the tuition fee trial period for non-EU citizens and the scholarship system in the University of Oulu

Inform students on international, educational and social political current issues and take forward students' opinions

- Follow the news from the European Students' Union ESU
- Follow the developments with SYL's recommendations on International Degree Students
- Follow the developments with the situation of insurances for non-EU students

Follow the quality of teaching in English and developments with the international master's programs

Develop the section as an actor in student interests

- Organize a panel for international degree students
- Support and inform international degree students in taking care of their interest

Follow the developments in students' possibilities to go abroad through exchange programs and international traineeships

Cooperate with Kv-klubi in relation to promoting exchanges and the internationalization of Finnish students
